Welcome to Sweet Sugar Cane Country

The NSW Northern Rivers is the southern gateway to Australia's sugar industry and the original home of cane growing in Australia. Sugar production here dates back to the 1860's and is one of the oldest and biggest employers in the region.

Today, Sunshine Sugar is the only 100% Australian-owned manufacturer of locally grown, certified sustainable, raw and refined sugar products.

www.sunshinesugar.com.au

Look for Sunshine Sugar in local Independent Supermarkets

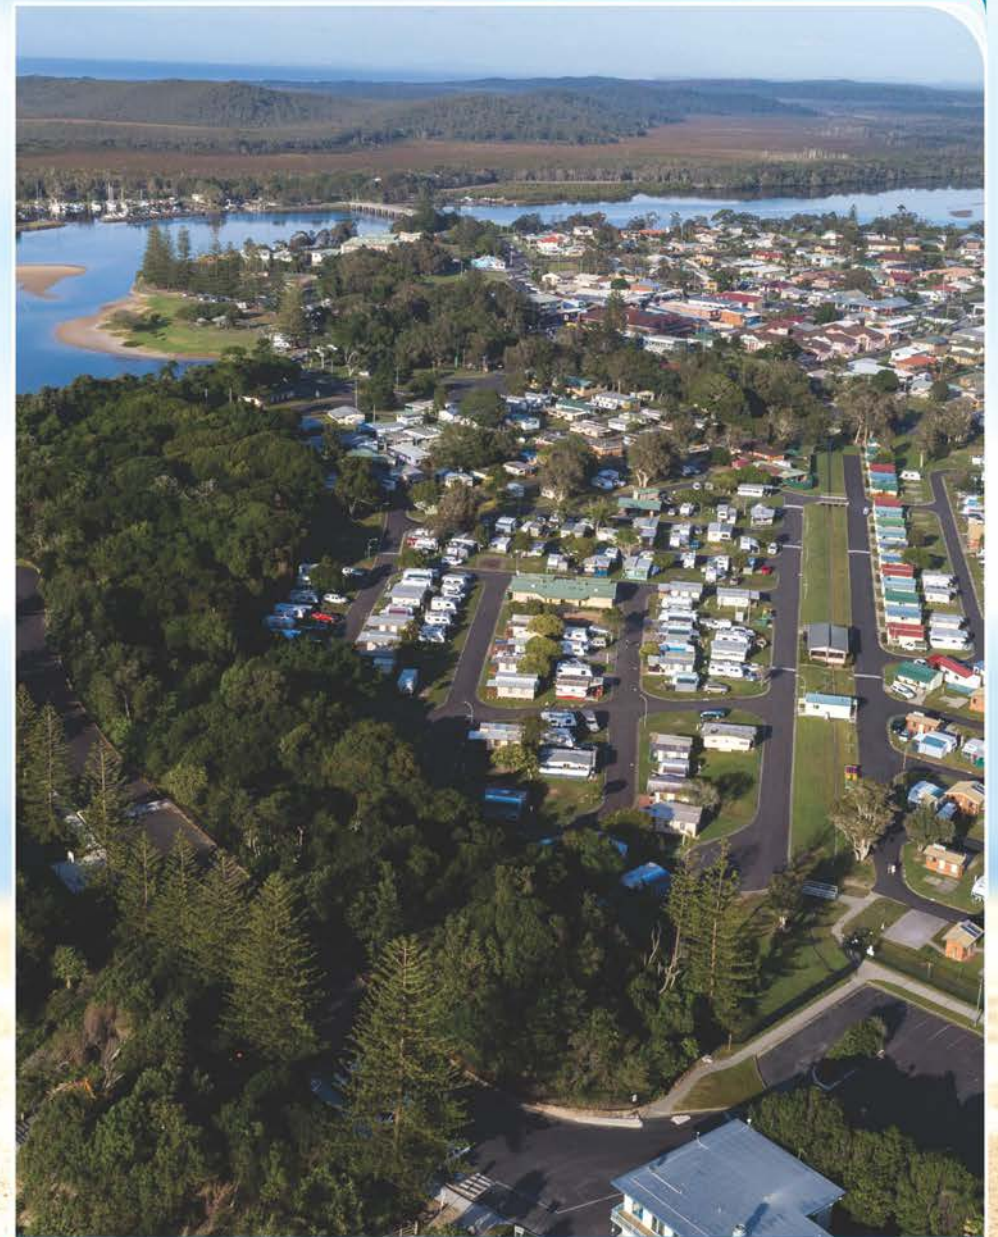

Not only is the Northern Rivers region known for its beautiful beaches, scenic hinterland and magnificent rivers – its temperate climate and rich, alluvial soil allow sugar cane to be grown as a major agricultural crop throughout the area.

Sugar production has been one of the main industries in the Richmond, Clarence and Tweed Valley's for over 150 years.

Sunshine Sugar, which is a partnership between the grower-owned NSW Sugar Milling Co-operative and the Australian family-owned business, Manildra Group; is the only 100% Australian owned producer of raw and refined sugar products.

We own and operate sugar mills at Harwood, Broadwater and Condong and a refinery co-located at Harwood.

Sunshine Sugar and the NSW sugar industry supports more than 500 farming families and over 1,000 direct and indirect employees, contributing over 200 million dollars per annum to the northern rivers economy.

Malibu Surf Classic - October Long weekend 2021 please check website

Every year for the past 30 years the Evans Head Malibu Club has hosted their Malibu Classic, a famous longboard surfing contest at the Main Beach of Evans Head. Here at this event, many well-known national and international surfers attend with some spectacular demonstrations of their highly skilled sport. The First day of the event (Friday) sees the popular 8 foot category heats, followed by a weekend of age group heats from Junior's right up to over 70's. Along with the Old Malibu (boards and pre-1986) and modern logs (modern copies of the old boards) all of these divisions are hotly contested. All proceeds raised during this event are donated to Local Charities to help benefit our community, this is certainly not an event to miss.

A warm welcome to Evans Head and the Richmond Valley.
I hope you love our area as much as I do.

The Richmond Valley is open and ready to welcome back visitors! The weather is ideal, our tourist attractions and facilities have reopened, our hotels, motels and cafes are open for business, and we are welcoming visitors again with open arms.

Whether you've come to the Richmond Valley to get away from it all and unwind, or get active and explore new places and rare experiences, you've come to the right place.

Our Valley offers it all, and yet remains uncrowded and unspoilt. Located in the heart of a rich agricultural belt and embracing the towns of Broadwater, Casino, Coraki, Evans Head, New Italy, Rappville and Woodburn, and other delightful coastal and hinterland communities, the Valley boasts dramatic coastline, charming historic villages, pristine waterways, and an endless array of adventures.

As a visitor to the Richmond Valley, you have unlimited options. To help you get around there are visitor information centres in Casino, Woodburn and Evans Head. Drop in for a chat with our friendly staff who willingly share their knowledge and can offer some great tips and "local secrets" to help visitors enjoy a memorable stay.

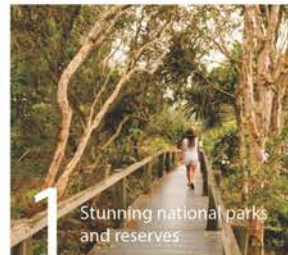

We are a proud bunch because we know the Richmond Valley is a great place to live, work and visit. So, if you've made the exciting decision to visit the Richmond Valley, we welcome you as one of our own.

Kind regards,

Robert Mustow

Fishing in and around Evans Head

peter byrne

An experience you will never forget. Evans Head has some of the best fishing locations on the coast.

The Evans River is ideal for the family with sand spits at low tide and the boat pontoons on the south side. Excellent facilities are available to launch the tinny & park the car for some serious estuary fishing. North & South wall at the mouth of the river day & night is a great place to wet a line. Bait, tackle and fishing licences are readily available from Reflections Holiday Park or online www.service.nsw.gov.au - recreational fishing licences

Beach fishing with 4WD access is located at Airforce beach. No permit required, however please abide by the NSW road rules & the displayed signage at entry. South a few kilometres you will find Chinaman's beach & Snapper headland.

If you're a rock fisherman the coast south from Razorback lookout via Joggly headland to Chinaman's offers great fishing & a beautiful walk around the headland. Please keep to the marked tracks and always fish with safety.

Off-shore fishing - We have listed a few popular GPS marks within fifteen minutes from the

mouth of the Evans River. Snapper, Jewfish, Teraglin, Tailor, Pearl Perch & Mackerel are some of the species awaiting the pan.

Always check your vessel to ensure it is sea worthy. Marine Rescue operate out of Evans Head - please refer to Marine Rescue brief on page 31 before heading off to sea.

Experience a week of competition fishing in July - The Evans Head Fishing Classic is held in the school holidays. Adults, Cadets & Juniors compete for over \$140,000 in prizes.

Check out last year results and images www.evansheadfishingclassic.com.au

Our unique area and surrounds has so much to offer! More information and directions to your chosen destination can be found online.

Cycle, Walk and Skate

Experience Evans Head on our shared walk / ride / skate and scooter footpaths.

Join the morning and afternoon walks with the locals from the Surf Club to Razorback lookout.

Take in the ocean air with high odds of spotting bird life, turtles, dolphins or whales.

Stop off on the way at many of the exercise stations or sit and admire the view. Drop in for a coffee or refreshment at many of our cafés along the way.

A popular walk is along the beach, north to salty lake and return.

Discover the beauty of Bundjalung National Park and Dirawong reserve which are close to town and offer a variety of walking trails through these unspoilt places and discover the ocean views.

Don't forget to take the camera.

If it's cycling you prefer, then this activity can be a real family affair. The longest bike trail is from Airforce beach to the north wall, along the Evans river foreshore, over the bridge continuing to Shark Bay. Take the challenge and ride to the top of Razorback Lookout.

The Skatepark is popular with all ages and is located at the southern end of main beach car park. Bring the BMX bikes, skateboards and scooters.

If you're walking the pooch, there are designated off-leash dog areas on Airforce Beach and on the south side of the river near the fisherman's Co-op. Keep your eye out for convenient poo points for a supply of bags and help keep our playground clean. In all other areas, dogs must be on a leash.

Whatever way you get around town, please obey our speed zones and take care when sharing footpaths; there's room for everyone in Evans Head.

Movietone News Camera in Foreground

The Evans Head Heritage Aviation Museum offers visitors numerous heritage displays and hands-on experiences of our local military and general aviation history. Come and sit in the cockpit of the mighty F-111 and learn the amazing history of this magnificent aircraft.

Sit in the Kiowa Chopper or the interactive display booths to get a real feel for the aircraft on display.

Walk up into the Caribou, inspect the cockpit and then stand in the hold where Australian soldiers were once preparing for parachute drops into combat during the Vietnam War.

Explore our military history through the Canberra Bomber, the Russian Mig15 fighter and many other exhibits including the WWII Link Trainer and the fully instrumented cockpit of the original B2 Canberra bomber. Our Avro Anson MG422, is the most complete example of this type of aircraft in Australia. The Anson was used extensively by the RAAF in WWII and the type was based here at Evans Head Aerodrome.

Sand, Swim and Surf

Evans Head features a patrolled surfing beach, many surfing spots, a long beach with 4WD access, a river beach and many opportunities for surfing, fishing or relaxing.

Take time to find your own favourite spot along our scenic coast.

Main Beach

This popular beach is easily accessible from the village centre, Holiday Park and Riverfront Kiosk.

Main Beach offers the safest surfing beach next to the mouth of the Evans River.

It is patrolled by the Evans Head-Casino Surf Life Saving Club during school holiday and weekend periods between September and April. It provides a convenient and enjoyable place for all ages to swim and surf.

Airforce Beach

North of Main Beach is Airforce Beach, stretching 25 kilometres north to Broadwater Beach and onto South Ballina. This is a 4WD favourite for families, birdwatchers and enthusiasts of beach fishing.

Picnic by Salty Lakes where a natural tea tree stained lagoon spills out into the ocean, or explore the seashells scattered along the beach.

No driving permits are required and most of the beach is pet friendly for responsible owners. Do look at the tide times before you go choose to drive.

Chinamans Beach

This beach is accessible via the Dirawong Reserve, 3 minutes drive south from the village centre.

This secluded beach has a carpark with an adjacent picnic area and toilets and leads to a gentle walk down the beach via a boardwalk through a paperbark forest.

This is a great ocean beach to take a short stroll, collect shells, explore rock pools at low tide, head north to track back over Razorback Lookout or head south and visit Snapper Rock.

Shark Bay (Sharkies)

The small and protected beach of Shark Bay is on the south side of the river mouth and below Razorback Lookout. There is a great stretch of sand here when the tide is out, with the benefit of natural protection from a rocky cove.

Cooking facilities are free and the area is wheelchair friendly with a ramp onto the beach and up to the picnic shelters and BBQs.

Surfing and Swimming in Safety

The New South Wales Government in recent years have introduced a wide range of procedures up and down the coastline. Evans Head has experienced aerial surveillance using drones, smart drumlines for tagging, tracking & relocation and a shark net placed off shore. In 2021 Evans Head will again experience these initiatives.

Since 1922 Evans Head - Casino Surf Life Saving Club have been keeping a watch over surfers to keep them safe and aware of the dangers along the beach. Main beach is patrolled during school holidays and remember always swim between the flags.

Play your part by not swimming or surfing too early or late in the day and don't venture too far from shore. Swim & surf with a mate.

Most of all enjoy our beautiful beaches all year round.

Our Parks and Reserves

If you're looking for some spectacular views and scenery, you've come to the right place. We've got you covered with each location offering free BBQ facilities, amenities, shade and grassy picnic areas to suit your family and every occasion.

Kalimna Park

Located on the south side of Evans Head, Kalimna Park marks the original river crossing and beginning of the track to the goldfields from 1880. Kalimna has remarkable river views and is just a quick walk from the Fisherman's Co-op if you're in the mood for some fresh seafood and chips.

Clarrie Kirkland Reserve

Located in the centre of town along the foreshore of the Evans River, the reserve stretches along the entire riverfront and is an ideal location for a swim, kayak, or a spot of fishing. The Riverfront Kiosk is central to Clarrie Kirkland Reserve and is open 7 days a week.

Razorback Lookout

Razorback Lookout boasts stunning 180 degree views of the ocean, coast, and hinterland. The Lookout is wheel chair accessible and offers fantastic eating facilities. Razorback Lookout is located off Ocean Drive, South Evans Head.

Goanna Headland

This coastal area of Evans Head is of great significance to the Aboriginal people in the mythology of Bundjalung Nation. The Dirawong (goanna) is the Creator Being, which taught the people various aspects of Aboriginal culture and customs. Within its landscape are many sacred and secret ceremonial sites. Enjoy this peaceful environment and stunning views by venturing along the walking track following the coastline.

Considered a must-do when visiting the Richmond Valley, Bundjalung has multiple entry points. To access the park from Evans Head, drive over the bridge and turn right onto Bundjalung Street and follow the road until you see the entrance to the park.

SMART drumlines are a key feature of the NSW Government's shark bite mitigation measures. When a shark is hooked, the pressure on the line triggers the communications unit which alerts contractors via phone call, email and text message to the presence of an animal on the line. The team then responds immediately to the SMART drumline alert to manage the animal. Sharks caught on SMART drumlines are tagged and released. DPI can then provide alerts to the community via our network of 21 VR4G listening stations when they are close to shore and it is broadcast automatically via the DPI SharkSmart Twitter account @NSWSharkSmart and also on the SharkSmart app (itunes.apple.com). For more info go to www.dpi.nsw.gov.au
